Road conditions:

Flash N°: 10
Distance: 20.55 km

- #16 Fourmaux Adrien/Coria Alexandre**
“There are different parts in the stage where it’s compact and other parts with very loose gravel in the narrow portions. I did my best in these parts. It was not too bad.”
- #44 Greensmith Gus/Patterson Chris**
“It’s tricky! Just hard to commit and you kill so much time if you don’t commit. Sometimes we’re sliding a lot and losing some time.”
- #1 Ogier Sébastien/Ingrassia Julien**
“The guys in front are not the fastest, let’s wait for the guys behind. We’re doing our own rally, doing what we can.”
- #11 Neuville Thierry/Wydaeghe Martijn**
“The gap is not big enough, we’re doing a lot of cleaning. Guys behind will go faster. It was a good stage, we enjoyed this one. Our target can only be Lappi.”
- #69 Rovannerä Kalle/Halttunen Jonne**
Car stopped. Heavy hit to the front of the car. Crew OK
- #4 Lappi Esapekka/Ferm Janne**
“I think we could have been faster but we slowed down before the place Kalle went off, the warning was really posted in advance. I hope that we can get some time back because we definitely slowed down a lot.”
- #33 Evans Elfyn/Martin Scott**
“You have to focus on doing your own thing here until there is something to manage, there is no point in planning anything.”
- #8 Tänak Ott/Järveoja Martin**
“I’m fighting already and have been doing so for quite some time. This is all we can do and we will continue”.
- #42 Breen Craig/Nagle Paul**
“Not much left for more. I see what the guys in front are doing and Elfyn is just amazing. I didn’t think I’d ever be in a position to fight these guys.”

#23 Suninen Teemu/Markkula Mikko

“That was pretty good there! The car is stable, no issues, we have to keep pushing.”

#20 Ostberg Mads/Eriksen Torstein

“It’s okay, I’m happy to be through the loop, we need to get to service and fix some things we’re not happy with, many things actually.”
