- #16 Fourmaux Adrien/Coria Alexandre**  
"I'm really happy, it was good learning for me today."
- #44 Greensmith Gus/Patterson Chris**  
"It was a tougher morning, but good and enjoyable afternoon with good live jumps, good improvements, tricky but good."
- #1 Ogier Sébastien/Ingrassia Julien**  
"Second loop was much better, the car set-up change was good for my confidence. If you take consideration of the starting order, it's not too bad. The target now is the Power Stage."
- #4 Lappi Esapekka/Ferm Janne**  
"It's been good two days, I tried to beat Seb (Ogier). I don't know what I did correctly on this stage but it seems it worked. Obviously I'm learning even if I'm getting older."
- #42 Breen Craig/Nagle Paul**  
"It's been a reasonably good day, we had the lead of the event so close, but for some reason we can't pull it together. The level has been incredibly high, it's something to have the lead on that event."
- #8 Tänak Ott/Järveoja Martin**  
"We changed nothing on the car. I could manage the car better. It's a shame that we did this mistake on the pre test but it's a big step for the team."
- #33 Evans Elfyn/Martin Scott**  
"It's been a good day, we really enjoyed it out there. It's been a great fight obviously, there still a long way to go tomorrow but we take it stage by stage;"
- #26 Linnamäe Georg/Morgan James**  
"It was like Harju but in the dark. Tricky, very tricky, and they made it quite a lot tighter this year. It's a challenge but good fun."
- #24 Prokop Martin/Ernst Michal**  
"It was a good day, we've improved from yesterday so happy with that. Not the best one but let's see tomorrow."

**#21 Huttunen Jari/Lukka Mikko**

"It was okay, but sadly it's going well only those last few stages. I don't know what to do but tomorrow we'll try."

**#20 Ostberg Mads/Eriksen Torstein**

"It's always nice to have a battle in Finland. It's been a battle all day, but the feeling has been better in the afternoon. I look forward to tomorrow, I had a big fight last time here on a Sunday so I know how to fight on a Sunday."

**#23 Suninen Teemu/Markkula Mikko**

"No warnings on the dash. We had small hole in the radiator, but nothing wrong with the car now, we were lucky."

**#31 Asunmaa Teemu/Salminen Marko**

"I'm not so happy, it's been a very difficult weekend for us, we've had problems all the time. We had some couple of clean runs but we must find more speed tomorrow morning."

**#34 Pietarinen Eerik/Linnaketo Antti**

"Sometimes speed is good but we had one puncture today and some mistakes. I don't know."

**#30 Heikkilä Mikko/Luhtinen Topi**

"Plan is to keep this position and keep Eerik behind."

**#32 Lindholm Emil/Hämäläinen Reeta**

"It's nice to be rallying on these roads, we had a few WRC events but these ones are the nicest yet. Covid has taken its toll on many but it's great to see so many people here. It's good!"
